The greatest discovery of my generation is that man can alter his life simply by altering his attitude of mind.

Parent Forum

We would like to start a Parent Forum. Parents will be encouraged to share their ideas, knowledge and skills with the management team and teachers of the Millennium CDC at these meetings. We would like one or two parents from each age group to volunteer. Meetings will be held bi-monthly or quarterly. This is a great way for us to increase parent involvement. Please let us know if you are interested.
